"MORE GUN FOR THE MONEY"

model 500 deluxe "MAGNUM"

COMPLETE LINE OF GAUGES AND CHOKES

12, 20, AND 410 GAUGE

MODEL 500 — 12 GA. MAGNUM, 30", FULL CHOKE, PLAIN OR VENT. RIB.
MODEL 500 — 12 GA. MAGNUM, 28", MOD. CHOKE, PLAIN OR VENT. RIB
MODEL 500 — 12 GA. MAGNUM, SLUGSTER, 24", PLAIN, CYLINDER BORE WITH RIFLE TYPE SIGHTS
MODEL 500 — 20 GA. MAGNUM, 28", FULL CHOKE, PLAIN OR VENT. RIB
MODEL 500 — 20 GA. MAGNUM, 28", MOD. CHOKE, PLAIN OR VENT. RIB
MODEL 500 — 410 GA. MAGNUM, 26", FULL CHOKE, PLAIN OR VENT. RIB

EXTRA BARRELS AVAILABLE

Barrels: All Model 500 barrels are selected gun-quality steel machined from the solid bar and proof tested. Beautiful, deep gun-blue finish . . . Ventilated barrel with Mossberg's own Ventilated Rib. SLUGSTER BARREL to give excellent accuracy with rifled slugs for deer and other big game.

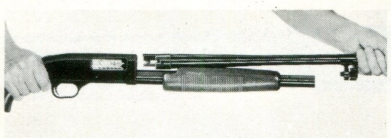
Stock: Walnut finished hardwood with pistol grip, beautifully checkered, with recoil pad, white line spacer and grip cap. Beavertail forearm, beautifully checkered for non-slip grip.

Action: Smooth design with straight-line feed. Receivers of special, light-weight, high-tensile alloy forging. Holds six regular or five 3" Magnum shells.

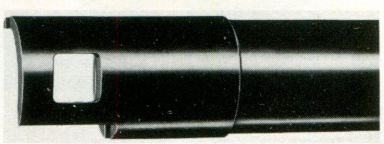
Positive safety on top — right under the thumb. Disconnecting trigger requires complete release of trigger between shots, thus avoiding inadvertent "doubles". Bolt locks into barrel. Action must be locked before the gun can fire. Extra large double extractors for positive ejection; double shell releases assure smooth feeding into carrier and chamber. All Mossberg 500's in 12 gauge feature Double Action Slide Bars. Action disassembles easily without special tools. Length: With 24" barrel, 43¼" over-all. With 26" barrel, 45¼" over-all. With 28" barrel, 47¼". With 30" barrel, 49¼". Weight Standard models — 12 gauge about 6¾ lbs., and 20 gauge about 6 lbs., 410 bore about 5¾ lbs. Plug in magazine to conform to 3-shot migratory game law . . . easily removed.

INTERCHANGEABLE BARRELS LET YOU CHANGE BARRELS IN SECONDS

Open action about 1", then loosen knurled take-down screw with fingers. Easy. Quick.



Lift out barrel. Replace with desired barrel and fasten take-down screw.



Breech end of barrel shows hardened steel slot into which steel bolt locks.

INTRODUCING - THE New **LakeField Mossberg® model 500**

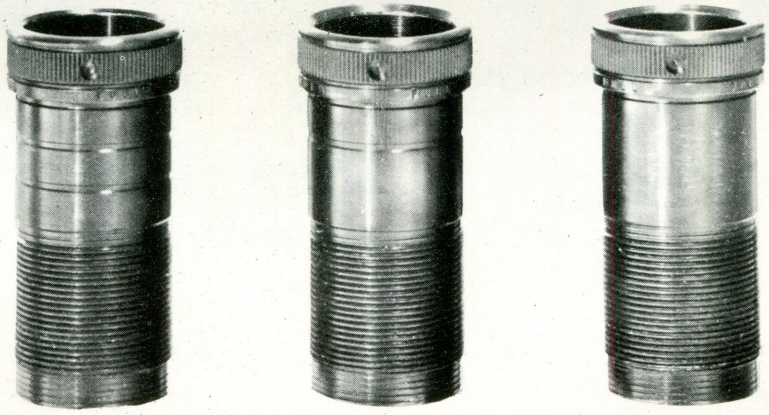
"MAGNUM" ACCU-CHOKE

Hunting in wood-lots, meadows or marsh, there's one gun for all three that lets you select the perfect combination of 2¾ std. or mag. or 3" mag. shell and choking pattern — a LAKE FIELD MOSSBERG 500 slide-action shotgun with ACCU-CHOKE. It has the versatility and accuracy to deliver three gun performance from one specially designed 28" plain barrel with three interchangeable ACCU-CHOKE tubes. The LAKE FIELD MOSSBERG ACCU-CHOKE design adds less than an ounce to these new 12 ga. 500's. There is virtually no effect to the balance of the gun or visible distraction when pointing at a target.

The 2" ACCU-CHOKE tubes can be changed simply and quickly. Improved cylinder, modified or full, each choke tube has precision threads for fast and positive installation. Securely in place, the ACCU-CHOKE will accurately deliver the pattern selected.

Upland game or waterfowl, LAKE FIELD MOSSBERG makes hunting with the right gun as simple as 1-2-3: **1** Model 500 in 12 ga. that chambers **2** shell sizes (2¾" and 3" magnum shot-shells) and **3** ACCU-CHOKE tubes to deliver positive patterns.

It may be all the scattergun you'll ever need — maybe more.



Improved Cylinder
Quail, woodcock, grouse.

Modified Choke
Pheasant, rabbit, squirrel.

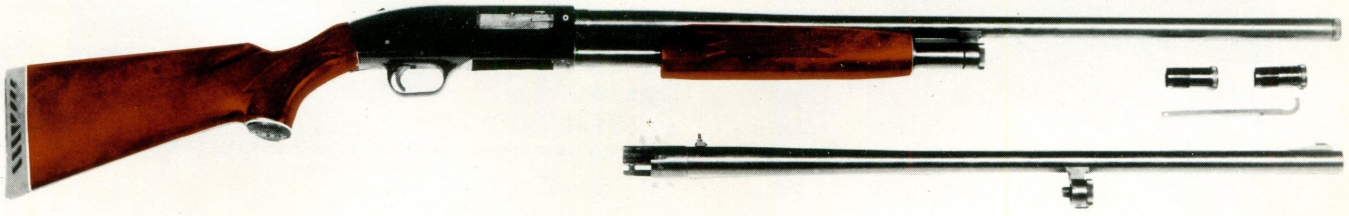
Full Choke
Ducks and/or geese.

New **LakeField Mossberg® model 500**

"MAGNUM" Accu-Choke Combo Pack

Truly a Gun for All Seasons

Model 500 Accu-choke slide action 12 ga. shotgun, plain barrel with 3 interchangeable choke tubes offering the hunter a complete selection for pheasants, ducks and rabbits, as well as all other upland game. In addition, substantial savings off the extra 24" Slugster barrel for deer and other large game.



Lake Field Mossberg® bolt action shotguns

The most popular bolt action shotguns are those made by Lake Field Mossberg, in 12 and 20 gauge and 410 bore. Individually proof tested in our factory and chambered for all standard and magnum factory loads. A modern streamline designed self-cocking action **with positive safety on top — right under your thumb.** The design and dimensions of these guns make them ideal for fast shooting.

Model 395 12 gauge

With the 3" Magnum shells and number 2 shot this becomes a great goose gun. Barrel: Tapered, blued steel; 28", full choke. Chambered for 3" Magnum as well as 2 ¾" factory loaded shells. Stock: Walnut finish, modern Monte Carlo design, pistol grip, cushion rubber recoil pad with white liner. Action: Double locking lugs for added strength. Quick removable bolt with double extractors. Detachable clip magazine. Magazine holds two shells, plus one in chamber. Sights: Grooved rear sight for accurate alignment. Shotgun bead front. Weight: About 6 ¾ lbs. Length: Overall 47 ½".

Model 385 20 gauge

Identical to Model 395 except that it is a 20 gauge shotgun with 26" barrel, full choke. Chambered for 3" Magnum as well as 2 ¾" factory loaded shells. Weight: About 6 ¼ lbs. Length: Over-all 45 ½".

Model 183 410 Bore

Barrel: Tapered, blued steel, 25", full choke. Chambered for all 2 ½" and 3" factory-loaded shells. Stock: Walnut finish Monte Carlo design. Butt plate with white liner. Convenient thumb-operated safety with red button inlaid in stock. Action: Fixed-type top-loading magazine holds two shells, plus one in chamber. Weight: about 5 ½lbs. Length: Overall 43 ½".

MODEL 377
"PLINKSTER" WITH SCOPE

Straight-line molded one piece thumb hole stock with Monte Carlo comb and roll-over cheekpiece is ideally suited to 4 power scope.

SPECIFICATIONS: ACTION: Semi-automatic. **CALIBER:** .22 Long Rifle. **CAPACITY:** 15 Long Rifle Cartridges. Brass tubular magazine through buttstock; bright orange follower. **BARREL:** 20" (2.9 cm) tapered with AC-KRO-GRUV rifling; ordnance steel. **STOCK:** Straight-line, molded one piece thumb hole of modified polystyrene foam, Monte Carlo comb and roll-over cheekpiece. Sling swivel studs and fore-end checkering. Serrated, non-slip butt plate. **COLOR:** Walnut finish with blued barrel and receiver, Black butt plate and trigger guard. **SIGHT:** 4 power scope with cross hair reticle. **SAFETY:** Positive thumb operated; bolt locks in open position. **RECEIVER:** Milled ordnance steel, complete with scope mount base. Shell deflector included. **LENGTH:** 40" (43.8 cm). **WEIGHT:** About 6.25 lbs. (2.8 Kg) with scope.

PLINKSTER — all the .22 you'll ever need and more. Built in the MOSSBERG tradition of accuracy and dependability, it's just plain fun to shoot. Young shooters and seasoned sharpshooters alike will enjoy this .22 semi-automatic for years to come as their favorite plinking and small game hunting rifle.

The high-impact molded polystyrene one piece stock has the thumb hole, Monte Carlo and cheekpiece - all the features found on high-priced target rifles. Walnut texture finish for the look and feel of real wood with the long-lasting durability of weatherproof, modified polystyrene foam. The serrated, non-slip black butt plate and the fore-end checkering add to the good looks of this unique .22. A tubular magazine through the buttstock feeds 15 — .22 Long Rifle rim fire cartridges to the machined ordnance steel receiver. Loading and firing is quick and sure. For extra safety while loading through the tear-dropped port in the buttstock, the bolt can be locked in the open position.

PLINKSTER, another .22 in the tradition of fine sporting firearms from MOSSBERG, it's all the gun any .22 plinker will ever need — and more.

MODEL 341

NEW MODEL 341 — .22 caliber Clip type "Sporter" with open sights and hammerless, closed-breech bolt action. 7 shot rifle with positive safety. Monte Carlo stock with pistol grip. Checkered pistol grip and fore-end. Butt plate with white liner. Sling swivels.

AMERICAN Mossberg® SECTION

New

Model RM7A .30/06 22" Bbl, 5-Shot

Model RM7B 7MM. Rem. Magnum Cal., 24" Bbl, 4-Shot

Decorative metallic pistol-grip cap is inset, complementing the hand checkering. Note the serrated, non-slip trigger for positive control.

BOLT-ACTION CENTERFIRE...

classic rifleman design and built with traditional MOSSBERG precision.

MOSSBERG RM-7s are the newest addition of high-powered rifles for the hunter. Compare the classic sporter style stock of American Walnut with hand checkering, sling swivel studs and these performance features commonly associated only with expensive firearms:

The first is the rotary magazine which offers smooth, positive cartridge feed into the chamber and quick, safe unloading by simply depressing the cartridge release lever, live ammunition can be unloaded without individually chambering each cartridge before ejection. The rotary magazine also eliminates the hinged floor plate.

An important performance feature is the three-position safety within easy reach of your thumb. The safety can be set for firing; in mid-safe to block the firing pin but leaving the bolt operable; or full-safe, locking the bolt closed and blocking the firing pin. Completing the bolt assembly is a checkered streamlined bolt handle for firm gripping and a fluted body for smoother performance. Four in-line locking lugs, machined from ordnance steel offer superior bolt-to-receiver strength.

RM-7s in 30/.06 and 7MM Rem. Mag. have deep bluing on all metal parts. Barrels are equipped with gold bead front sight and folding leaf sight which are both removable. Receiver is drilled and tapped for scope mounting and, with iron sights removed, gives a more streamlined sporter look.

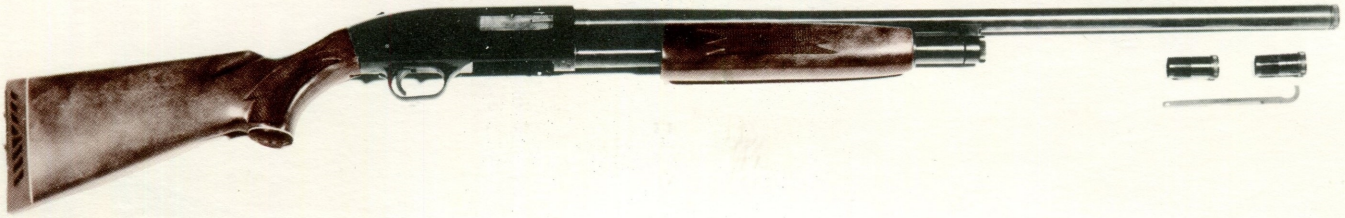
INTRODUCING - THE New LakeField Mossberg® model 500

"MAGNUM" ACCU-CHOKE

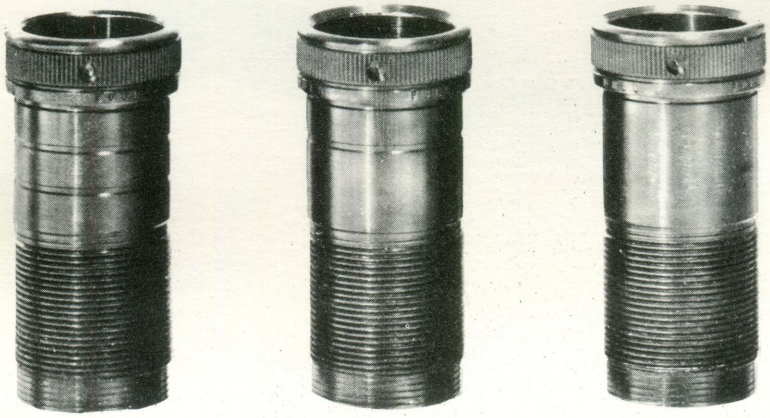


Hunting in wood-lots, meadows or marsh, there's one gun for all three that lets you select the perfect combination of 2¾ std. or mag. or 3" mag. shell and choking pattern — a LAKE FIELD MOSSBERG 500 slide-action shotgun with ACCU-CHOKE. It has the versatility and accuracy to deliver three gun performance from one specially designed 28" plain barrel with three interchangeable ACCU-CHOKE tubes. The LAKE FIELD MOSSBERG ACCU-CHOKE design adds less than an ounce to these new 12 ga. 500's. There is virtually no effect to the balance of the gun or visible distraction when pointing at a target.

The 2" ACCU-CHOKE tubes can be changed simply and quickly. Improved cylinder, modified or full, each choke tube has precision threads for fast and positive installation. Securely in place, the ACCU-CHOKE will accurately deliver the pattern selected.

Upland game or waterfowl, LAKE FIELD MOSSBERG makes hunting with the right gun as simple as 1-2-3: **1** Model 500 in 12 ga. that chambers **2** shell sizes (2¾" and 3" magnum shot-shells) and **3** ACCU-CHOKE tubes to deliver positive patterns.

It may be all the scattergun you'll ever need — maybe more.



Improved Cylinder
Quail, woodcock, grouse.

Modified Choke
Pheasant, rabbit, squirrel.

Full Choke
Ducks and/or geese.

New LakeField Mossberg® model 500
